Structuring - Examining texts for new insights. (1 day)

Gain greater understanding through grammatical study, and clearly see the author's train of thought.

An exciting brain-stretcher that teaches you how to understand the flow of thought in a text. You'll be excited to see how much is in the text that you didn't see before!

*Extra Early and Early payment discounts will be reflected on the Registration form for each course. **Please note that training course fees are subject to change from time to time.

Topical Workshops

Biblical Prayer (1 day)

The Bible teaches that prayer is a vital part of the Christian Life. Why then are so many believers today confused about it? Does it seem like your prayers never reach God, or if they do, are not positively answered? In this workshop you will examine several prayers from Scripture and learn the basics of inductive Bible study.

Witnessing (1 day)

The basics of inductive Bible study will be used to observe what the New Testament says about "witnessing." Understanding what God says about witnessing can set you free if you've ever felt like a failure or in bondage in this area. You'll examine the Spirit's part in witnessing and the Word's part, as well as the believer's part.

Finding Your Place of Service in the Church (1 day)

Using basic inductive Bible study skills, you will learn what the Bible teaches about how individual believers fit in Christ's body, the Church. This workshop focuses on the foundational elements of spiritual gifts.
