Looking Back at 2010

What a blessing 2010 has been in the life of the ministry! There is so much to be thankful for. Kenya was certainly a highlight for us as a team. God opened so many doors and His provision was incredible. We are so excited that new leaders have registered and that they have started classes in different areas, impacting folks with the Word of God.

We are also really thrilled about reaching new areas on local soil, in Mpumalanga and the North West Province. We now have registered leaders in both these areas and pray that their classes will flourish and that new leaders will be raised up to do the same.

The Precept Summits were also a great time for the ministry to encourage, support and envision leaders and partners in their service to the Lord, as well as to new-comers who were introduced to the ministry and the inductive method.

As a team we would like to thank you for your support of the ministry this year and we look forward to serving God together in 2011!

Thank You from the Precept Team

We would like to say a special thank you to all those who have served the ministry with their gifts, time & prayer which has enabled us to fulfill the vision God has set before us for 2010.

& Lives ARE being changed!

A lady in a Muslim country has been studying the Bible inductively for the first time and recently shared her experience with us:

"For the first time in my life the Word has come alive. I am now also able to remember the Word which I always battled with. It is so exciting to understand God's Word and I can't wait to do more studies and understand everything our Father is trying to show/teach us!"
