

THE PRECEPT POST

Can you imagine walking for most of the day to attend training? This was the testimony of some during Stuart's recent 10 day trip to Kenya. He had the privilege of meeting with leaders and pastors and conducting several training workshops. In addition to the workshops in Nairobi, he travelled to Kakamega in West Kenya and trained 210 people, predominantly pastors from rural areas. They were blown away by what they discovered and begged Stuart to come back again. He was at times overwhelmed by people's hunger to know God's Word. Here's just a couple of testimonies that came out of one of the workshops, *"This workshop was an eye-opener of how I can study the Bible and discover for myself, the insight into the Word and how I can apply it to my own situation. It has been my desire to start a Bible study in our home and I realise this workshop will help me to start one with my family initially."* Another attendee said, *"Now I am able to use the knowledge I have gotten to study the Bible more deeply. I can aid others into knowing what I have learnt. I can actually be a group leader! I can discover the truth for myself!"* **We love the fact that these folks are continuously looking outward, identifying who they can impact with what they have discovered for themselves.** We trust God for the growth in Kenya and are grateful for all that He is doing and allowing us to be a part of, throughout our great continent.

Lives Changed by God's Word

Through the faithful support of our donors, we were able to sponsor ten of our Afrikaans 40-Minute studies on 'n *Ware Verhouding Met God* to a leader who was ministering to folks in Vrygrond township near Muizenburg. We knew God was going to move in their lives but we were so blessed by the incredible testimony that came out of this partnership. The leader said, *"I have to thank you for blessing me with those books. God was totally in charge when I happened to walk into the darkest and dirtiest shack I have ever been in. All these kids did was lie on mattresses in the dark shack, day in and day out. Most of them were on drugs, and had dropped out of school and out of life. After a couple of visits, they disclosed their drug addiction and for the 1st time, asked for help. We started the Bible study and the Lord totally gripped their hearts. They were so proud to own a book! I was told that they would lose their books or not pitch for Bible study, but to the end, they had their books, they did their homework each week and memorized their verses. It was an amazing time, the best Precept class I've ever done! To see the truth cut into that darkness was so powerful and I saw the Lord's heart in a way I've never seen it before."*
